McAllen Chamber to offer Scrapbooking workshop May 13

The McAllen Chamber of Commerce will offer a Scrapbooking workshop Tuesday, May 13th as part of a compilation of workshops and seminars called the *Cultural Arts & Entertainment Series*.

Isela Garza will facilitate the workshop scheduled for 7 pm, Tuesday, May 13, at the McAllen Creative Incubator, 1001 S 16th St. Isela will give tips on Scrapbooking and share her years of knowledge and professionalism.

Isela Garza is an accomplished Scrapbooker and she will teach participants the techniques needed in order to get started Scrapbooking as well as show them what tools are needed for the different techniques.

“I can help teach you how to sort your photos, how to lay out your photographs, and to finally complete your album. It is like writing your own history about your family and leaving behind a story unknown to others,” said Isela Garza who will teach the Scrapbooking class May 13th.

“With Isela Garza’s talent and years of knowledge and experience, this is going to be an excellent opportunity for participants to learn where and how to get started with their scrapbooks and for those with experience to further advance their skills.” said Greg Schuller, Administrative Assistant of Cultural Arts with the McAllen Chamber of Commerce.

“This workshop will be the last Cultural Arts and Entertainment Series workshop offered this season,” said Schuller. “Our new season will begin in September and run through May of 2009. A list of all the scheduled workshops should be out by mid summer and promises to be as exciting as ever.”

The Scrapbooking workshop is free to the public and all ages are welcome. Space is limited and all participants are asked to bring 2 or 3 photos. To register, please call Greg Schuller at 956-687-2787. For the latest news and events, visit www.mcallenart.com.
